House to Remain Continuous Ses- sion with Senate

(By The Associated Press)
WASHINGTON, Aug. 8.—President Harding has asked congress-
leaders, in view of the
ing industrial situation, to
coal and rail strikes to
the house, now in recess
in session along with
senate, after the house re-
sues next Tuesday.

A prospect was that, failing

Southern Railway officials

PRESIDENT HARDING IS GIVEN PRAISE BY TEXAS REPUBLICANS

Speakers Advocate Protec-
ive Tariff, Denounce
Ku Klux Klan

(By The Associated Press)
FORT WORTH, Texas, Aug. 8.—
Praise of the Harding adminis-
tration, advocacy of a Protective
Tariff and attacks on the Ku Klux
Klan, characterized addresses be-
fore the opening session of the bi-
ennial convention of the Texas
Republicans here today. Every
such reference was greeted with
loud and at times prolonged cheer-
ing from 250 delegates present.
Altho the demonstrations were
considered an indication of the
sentiment of the convention action
on the question involved was
deferred until tomorrow. A plea
for tolerance in carrying out the
program of the party in Texas
formed the keynote of the open-
ing address of state chairman R.
B. Creager of Brownsville.

He declared that the Republi-
can party is now faced with an
unparalleled opportunity to
serve Texas and further its own
ideals as a result of "the unusual
conditions in the Democratic par-
ty brought about by the Ku Klux
Klan."

There are many "high minded
Democrats" he said who do not
care to support James E. Fergus-
on or Earl B. Mayfield, Demo-
cratic senatorial candidates.

Mr. Creager mildly denounced
the Ku Klux Klan, saying it is a
"dangerous organization," but
averting that "some of our best
citizens have been deluded into
joining it."

He added that it was his belief
that the best members are with-
drawing from the Klan.

Amid prolonged applause the
speaker declared that Harding
making a great president, and
many wonderful improvements in
government have been accom-
plished since he assumed office.

NO INDIANA COAL OPERATORS WILL BE AT CONFERENCE

Action Was Taken to This
Effect at Meeting Held
Tuesday

(By The Associated Press)
TERRE HAUTE, Ind., Aug. 7.—
Indiana bituminous coal operators
association will not attend the
Cleveland conference called by
John L. Lewis, president of the
United Mine Workers it was an-
nounced following a meeting of
the scale committee here today.

A. M. Ogle, president of the
Pennsylvania coal association who
is also an Indiana operator said
he would not go to Cleveland and
in a statement declared that hope
of a settlement at Cleveland
had been "diminished if not killed
by undue publicity."

The scale committee however,
took no action on the proposed
plan for settlement of the strike
as outlined at Cleveland. The
"if there was hope of a settlement
of the coal strike thru the
Crews-Glasgow proposal," said
Mr. Ogle, "it has been diminish-
ed if not killed by undue publi-
city and the attempt to force op-
erators into the Cleveland confer-
ence."

Phil H. Penna, secretary of the
Indiana Operators declared the
operators from this state would
not go to Cleveland. The whole
membership of the association has
been called to meet here Friday.
Mr. Penna said, but he declared
the meeting had been arranged
before the Crews-Glasgow plan of
settling the strike had been
brought forward.

The Crews-Glasgow plan, which
operators say is the one on which
Mr. Lewis based his assertions
that the coal strike would soon be
settled, was discussed at the scale
committee meeting here today,
but no final action was taken.

Mr. Penna said that until the
meeting Friday the operators
would carry on informal discus-
sions as the possibility of ending
the strike by some of the propos-
als advanced.

CLERKS TAKE ISSUE WITH ASSISTANT P. M.

(By The Associated Press)
WASHINGTON, Aug. 8.—Offi-
cials of the National Federation
of Postoffice Clerks in a state-
ment today took issue with First
Assistant Postmaster General
Bartlett who recently, in an ad-
dress to postal workers, charged
that the federation had misrep-
sented the position on the depart-
ment on the question of violating
the postal eight hour law. Gilbert
E. Hyatt, president and Thomas
A. Flaherty, secretary of the fed-
eration charged in their state-
ment "that Mr. Bartlett delib-
erately evades the truth" when he
insisted the postoffice department
had violated no law and that
proper authority existed for work-
ing regular employees overtime in
emergencies. The statement di-
rected the attention of Mr. Bartlett
to the fact that President Harding
and not the officers of the federa-
tion had swept aside the depart-
ment's excuse for constantly evad-
ing the eight hour law because of
a shortage of funds.

BUMPER CROPS IN GENERAL RESULT OF GOOD WEATHER

Government Crop Re- port Issued Yester- day Favorable One

(By The Associated Press)
WASHINGTON, Aug. 8.—Bum-
per crops in general this year, re-
sulting from highly favorable
growing conditions during July,
was indicated by the government's
August crop report issued today.

A three billion bushel corn
crop, for the fourth time in the
history of farming in the United
States, was forecast. A record
crop of hay, estimated at 93,100,
000 tons, is being harvested, sur-
passing the record made in 1919
by 1,300,000 tons.

The second largest crop of
white potatoes ever grown was
reported in prospect.

Sweet potato production this
year will probably make another
record, according to the August
forecast, which equals the record
crop of 1920.

The fourth largest crop of to-
bacco ever grown is forecast with
a total production of 1,425,000,
000 pounds.

Another 200,000,000 bushel
crop of apples, the eleventh in 33
years, is indicated with this year's
production, more than double
that of last year.

Peaches are a plentiful crop
with a total production this year
second only to the record of 1915.

July's weather influence on the
growing crops was said to have
been extremely beneficial as in-
dicated by the increases in forecast
of production this month as com-
pared with those of a month ago.
Spring wheat showed an increase
in its production forecasts
amounting to 15,000,000 bushels;
corn, 157,000,000 bushels; oats,
64,000,000 bushels; barley, 10,
000,000 bushels; white potatoes,
11,000,000 bushels; tobacco, 10,
000,000 pounds; apples, 12,000,
000 bushels and peaches, 1,700,
000 bushels.

The great corn crop made vast
improvement during July in the
leading producing states, the im-
provement in Kansas having been
30,000,000 bushels over the July
forecast; Illinois, 25,000,000 and
Nebraska, 17,000,000.

ILLINOIS OPERATORS ARE STANDING PAT

(By The Associated Press)
CHICAGO, Aug. 8.—After a
stormy all day meeting, members
of a committee of Illinois Oper-
ators declared they had not chang-
ed their attitude as expressed in
a statement issued earlier today
by W. K. Kavanaugh, president
of the fifth and ninth district coal
operators association in which he
said that the Illinois operators
continue in the fixed belief that
no acceptance of the old wage
scale can be considered until the
Illinois mine workers agree to the
appointment of an unbiased ar-
bitration board. The committee
will reconvene tomorrow after-
noon.

The conference so desperately
sought just now by President
Lewis at Cleveland is not, as the
public is urged to believe for the
purpose of endeavoring to nego-
tiate a new wage scale or to accept
President Harding's recent offer
of arbitration," Mr. Kavanaugh's
statement read.

"It is to the contrary only an
offered opportunity provided by
Mr. Lewis for the formal surren-
der of all those operators from
many and any parts of the coun-
try to desire to sign any kind of
a contract that may be offered by
Mr. Lewis to get the mines
work and continue to make the
public bear all the burden result-
ing therefrom."

GIVE UP HOPE OF
STRIKE SETTLEMENT

(By The Associated Press)
CLEVELAND, O., Aug. 8.—Ex-
pectations of a settlement of the
soft coal strike on a national
scale vanished tonight among the
union officials and operators here
for a joint conference on peace
plans with the receipt of reports
of the failure of Indiana and Illi-
nois operators' associations to
agree to join the conference, the
hope however was held out that
settlement affecting scattering
mines in Illinois, Indiana, Ohio,
and Pennsylvania and possibly
West Virginia may result from the
conference which reconvenes here
tomorrow afternoon. President
ohn L. Lewis of the miners an-
nounced that the point confer-
ence would reassemble tomorrow
to open negotiations. The ques-
tion, however, of whether the
miners would be willing to make
a wage agreement with the op-
erators now here was undecided
and indications were that a de-
cision would be deferred until
the afternoon meeting to-
morrow with the operators, most
of whom own mines in Ohio. A
few operators also are here from
Pennsylvania, Indiana and Illi-
nois.

Harding's Candidate Is Apparent Victor

(By The Associated Press)
CHICAGO, Aug. 8.—With Car-
mi A. Thompson leading by a
wide margin at mid-night for the
Republican gubernatorial nomina-
tion in Ohio, political observers
hailed his apparent success as a
victory for President Harding's
policies and for strict enforcement
of the prohibition laws.

The tide of political unrest seen
in recent elections in Indiana,
Pennsylvania, Iowa and North Da-
kota seemed to have been check-
ed in the president's home com-
monwealth. Thompson scoring
in the early returns more than
two to one vote over his nearest
competitor, C. Homer Durand,
the beer and light wine candidate,
while Congressman C. L. Knight,
the stronger of the two progress-
ive candidates was third.

In the Ohio Democratic sena-
torial contest, Senator Atlee Pom-
erene was leading by better than
two to one over his opponent,
John T. Lantz, while Congress-
man S. D. Fees was holding a
substantial lead over three oppo-
nents in the Republican senatorial
race.

In Alabama where Henry Ford's
Muscle Shoals offer figured in
the campaign, W. W. Brandon, is-
sued an early statement forecast-
ing his nomination for governor
by "a tremendous majority."

BURLINGTON SERVICE NORMAL HOLDEN SAYS

(By The Associated Press)
CHICAGO, Aug. 8.—Hale Hol-
den, president of the Chicago,
Burlington & Quincy railroad de-
clared today that his reports
showed service to be practically
normal and that rumors concern-
ing defective equipment should
not alarm the public.

"To date there have been no
derailments or accidents on the
Burlington system due to failures
in inspection or repairs," he said.
"The fact that we have 119 ser-
viceable engines in excess of our
requirements and that it has not
been necessary for us to call on
this surplus answers the defective
equipment and interrupted ser-
vice reports, so far as the Burling-
ton is concerned."

"In common with other roads,
we had an adequate number of
skilled men in service from the
beginning of the strike to make
all inspections and running re-
pairs necessary to maintain safe
train service. The rapid increase
of mechanical forces in the past
two weeks has made it possible
to give complete overhauling and
rebuilding to some equipment in
addition to performing current
repair work to cars and engines
in service. We are holding thou-
sands of empty coal cars in good
order on track awaiting resump-
tion of mining in our territory."

SENATE PROPOSES SLIGHT INCREASE IN SUGAR TARIFF

(By The Associated Press)
WASHINGTON, Aug. 8.—The
senate proposed today an increase
of three tenths of a cent in the
tariff on sugar; rejected a plan
for a government bounty of \$9-
500,000 for domestic potash pro-
ducers and rescinded its former
action in voting an impost of two
cents a pound on white arsenic.
Potash and white arsenic were
placed on the free list.

Before considering the bounty,
the senate voted 65 to 1 to strike
out the provision by which a tar-
iff duty would have been imposed
on potash for five years at the
same rates that it was proposed
to pay the bounty of 2 cents a
pound for the first two years, 2
cents for third and one-half cent
for the fourth year and one cent
for the fifth year.

SENATE PROPOSES SLIGHT INCREASE IN SUGAR TARIFF

Reject Bounty Plan for Domestic Pot- ash Producers

WASHINGTON, Aug. 8.—The

cents for third and one-half cent
for the fourth year and one cent
for the fifth year.

Because of the operation of the
20 per cent tariff differential al-
lowed to Cuba, the 2.3 cents rate
on sugar would work out at 1.34
cents a pound on sugar from that
country, which constitutes prac-
tically all of American imports.
This rate on Cuban sugar is .24
of one cent above the existing
tariff.

The committee substitute
amendment proposing to pay pot-
ash producers a bounty over a
period of five years led to a sharp
fight during which Senator Les-
lie, Republican Wisconsin, de-
nounced the proposition as one
which would open the door of the
federal treasury for a steady drain
of the same sort in the future.

Senator Smoot, Utah, replied
that as he saw the situation it was
a question of whether the United
States was to give its industry an
opportunity to develop or to per-
mit the German and French car-
tels to have complete domination.
The senate was told by the
Utah senator that S. D. Crenshaw
of Richmond, Va., vice-president
of the Virginia-Carolina Chemical
company, had made a "deal"
whereby thirty-four American
manufacturers of fertilizer had
signed contracts with the German
and French concerns for their
entire supply of potash for this
year to the exclusion of American
producers.

STAGE JOKE PROHI RAID—DRAW FINE

Saddlemira, who told police he

According to Lieutenant Paz-
anowski, Mr. Saddlemira told him
the "raid" was made on a room
across the hall from that occupied
by Mr. Saddlemira and was staged
merely as a joke. A prohibition-
ist occupied the raided room,
however, and appealed to the ho-

PROCLAMATION TO AUTHORITIES MAY SOON BE ISSUED

Predict Small Will Urge
Punishment for Herrin
Mine Slayings

(By The Associated Press)
CHICAGO, Aug. 8.—Predictions
that Governor Len Small would
soon issue a proclamation direct-
ed to the authorities of William-
son county urging the punishment
of those guilty of the Herrin mine
slaying were made today by mem-
bers of a committee representing
the Illinois Manufacturers Associa-
tion after a meeting with the
governor.

After the conference the com-
mittee issued a statement declar-
ing that the governor had been
urged to.

"1—Put Williamson county
under martial law for the reason
that six weeks have lapsed since
the Herrin massacre and no ar-
rests have been made and no in-
dictments returned and that there
was every evidence that law and
order had broken down in Wil-
lamson county and that there was
no one left to enforce the law.

"2—Urge the necessity of call-
ing a special session of the legis-
lature for the repeal of that por-
tion of the state mining act
which forbids the digging of coal
in Illinois by any person except
those who have state mining cer-
tificates which gives a monopoly
of coal mining to union miners.

"Governor Small admitted that
the situation in Williamson was
serious enough to consider the
sending of state troops there and
placing the county under martial
law. As a preliminary step how-
ever, it was his opinion that it
would be first desirable to issue
a formal proclamation to the au-
thorities of Williamson county,
giving them a final opportunity
to indicate that their purpose was
to punish the perpetrators of the
Herrin outrage.

"The governor held out no hope
that he would call a special ses-
sion of the legislature because he
did not think he could get a
quorum, altho he admitted that
the emergency in Illinois as re-
gards coal supplies were exceed-
ingly serious."

A THOUGHT

Take therefore no thought for the morrow; for the morrow shall take thought for the things itself. Sufficient unto the day is the evil thereof.—Matthew 6:34.

Our worst misfortunes never happen, and most miseries lie in anticipation.—Balzac.

GONE FOREVER

A sporting writer, discussing a famous tennis player in a run of bad luck, says: "The trouble with him is that he can't forget the last ball." In a nutshell, that explains a good many failures.

When people begin living over the past to the extent that they harp on it, it means that they are just about "through."

Falling back on one's past—self-admiration about a previous record—is a violation of the modern code that rates a man by what he is doing today, not yesterday. Attention and fortune go to the man who is making a new record. The old record is ancient history, being forgotten.

It doesn't matter how many mistakes you have made, if you can convince the world that you have profited by them.

Experience is invaluable, yet it is nothing more than a chain of mistakes.

Normally, a man is fortunate in having made mistakes, for the agony is over and he is not apt to make them again.

This is today, not yesterday. The past is gone. Forget it. Another type of misdirected energy is observed in the person who has succeeded in forgetting the past, but is also inclined to forget the present.

Living too much in the future, he bungles the present.

You see this frequently in a mechanic, clerk or salesman who

BERTON BRALEY'S DAILY POEM

Fun

By Berton Braley

THE ordinary boy believes
That life is chiefly lived for play,
He most reluctantly receives
Advice that points the other way.
His lessons palm him to the heart,
His tasks annoy him, one and all,
He wants to let 'em go, and start
A game of ball.

HE reads his books because he must,
He does his chores with rancor grim,
They fill him with a dull disgust,
Because he wants to go and swim.
In duty he will take no pride,
His labors give him quite a pang,
He'd rather toss them all aside
And join "th' gang."

BUT we of older growth contrive
To teach him nobler, higher aims,
We fit him properly to strive
For something bigger than his games;
Yet, spite of all that we advise,
In play alone he takes delight!
(And in our hearts we realize
The kid is right!)

make possible the construction of the new reservoir a good many citizens invested their money with at least a halfway feeling that they would be lucky if they got part of it back. The bonds were offered freely for sale and in some cases at a discount.

Now the bonds are above par and the chances to buy are few. This is a condition which will make it easier to finance the next proposition that Jacksonville citizens may tackle.

CARNIVAL BAND WILL PLAY FOR SOLDIERS

Captain Miller's band of the Greater Alamo Shows, now playing here under the auspices of the American Legion, will give concerts tonight both at Oak Lawn Sanatorium and at Jacksonville State Hospital. These concerts have been arranged by Com. Elmer Henderson of the American Legion, but credit is also due the band men who kindly donated their services.

The band still continues its popular and inspiring concerts in the business district. Miss Marie Easman charms the bystanders with her fine soprano voice at the close of each concert and is much appreciated by her hearers.

MARRIAGE CEREMONY AT PAROCHIAL HOME

Miss Sarah Reese of Woodson is Bride of Martin R. Cosgriff, Prominent Young Business Man

The marriage of Martin R. Cosgriff and Miss Sarah M. Reese was solemnized at eight o'clock Tuesday night at the parsonage of the Church of Our Savior, with Rev. Father George E. Hobbs officiating. The witnesses to the impressive ceremony were Miss Mary Cosgriff, Edward Cosgriff and Mr. and Mrs. George Newman.

Shortly after the ceremony the bride and groom left by automobile for Springfield, where they were to take the train for a wedding journey to northern Illinois and Wisconsin.

The bride is the daughter of Mr. and Mrs. Henry Reese of Woodson precinct and is well and favorably known there and in Jacksonville. Mr. Cosgriff is a member of the firm of the Cosgriff-Breen company and is accounted one of the progressive young business men of this city. He is a son of Mrs. Mary Cosgriff.

Following the return from the wedding trip Mr. and Mrs. Cosgriff will be at home on West College street.

A WORTHY VETERAN.

F. F. Clark of Manchester was a caller in the city yesterday. The gentleman was a member of Co. G, 91st Illinois Infantry, and fought thru the war, coming home with an honorable discharge. When Mr. Clark was two years old his father bought 16 acres of land from Joseph Kelly, who entered it from the government. The father deeded the land to his son and it is his yet and has not been incumbered. He has added to it 220 acres so that he has a pretty good sized garden patch.

His father was president of the Farmers' and Traders' bank of Manchester and Mr. Clark followed him and has held the office 37 years. He is now 87 years old and thinks he ought to be relieved, tho he could easily pass for 60. He has two daughters, Mrs. Funk and Mrs. Cuddy, and one son, E. C. Clark, of Mississippi. He has also fifteen grandchildren. He is an interesting man to meet and bids fair to stay quite a while yet with his loved ones.

Dancing afternoon and evening, K. of C. picnic.

Y. M. C. A. NOTES

Members of the H. Y. club are to meet at the Y office in the Priest building on West State street this evening. The purpose is to discuss plans for a week's camping trip.

The Y. M. C. A. in conjunction with the Morgan county Sunday school association will have a tent at the Chautauqua this year. It will be in charge of Mr. Finley and some exhibits will be on view to show the work that the Y. M. C. A. is attempting. The tent will be open to the public as a rest room.

Miss Belle Noon returned yesterday to her home in Findlay after a visit here with Mrs. Charles E. Blair. Her nephew, Elmer Blair, accompanied her for a visit of several weeks.

WILL SHOOT OIL WELL THIS AFTERNOON

Man With Nitroglycerine Coming Overland From Southern Illinois Oil Field

The "shooter" who is to send the "go-devil" down into the can of nitroglycerine in the Mahon farm well started overland to Jacksonville from Lawrenceville at five o'clock Tuesday afternoon. This was the message received last night by C. F. Rhodes of the firm of Rhodes and Moorman. Lawrenceville is in Southern Illinois and estimating the mileage to be covered Mr. Rhodes feels safe in making the announcement that the well will be "shot" sometime this afternoon between two and four o'clock. The exact time cannot be stated but the "shooting" will be done immediately after the arrival of the Lawrenceville worker.

It is necessary to transport nitroglycerine overland because it cannot be sent by freight or express.

Fried chicken dinner and supper and all that goes with it, K. of C. picnic.

BROOKLYN BURGEO SUCCESSFUL EVENT

The Brooklyn church burgo and luncheon was well patronized yesterday. More than 200 gallons of soup were available along with plentiful supplies of other good things. Serving began at the noon hour and continued thruout the day. Competent committees were in charge and the whole affair was well managed and made satisfactory financial returns.

Fried chicken dinner and supper and all that goes with it, K. of C. picnic.

J. M. Whittaker of Concord was a caller in town yesterday. Charles Butler arrived in town from Woodson yesterday.

Save Your Feet—

Trouble waits for no one, especially foot trouble. It is upon you without warning and remains a long time. Guard against foot troubles NOW, then you are spared long years of suffering and annoyance.

ARCH PRESERVER SHOES are built with one specific purpose in mind—to save feet. And the saved foot means a comfortable foot. This shoe protects the foot where protection is needed—from beneath.

Its broad, long, built-in bridge gently yet firmly supports the arch, evenly distributes the weight and enables the wearer to walk with an erect, graceful carriage.

Of this we are certain, that the genuine Selby Arch Preserver shoe will PREVENT practically all forms of foot trouble. If you feel your feet becoming tired early in the day or unduly tired at night, you should get into a pair of these famous shoes at once. Beware of acquiring a bad pair of feet or broken arches.

READ ON

There is very grave doubt as to whether the foremost surgeons of the world are able to actually CURE this malady after it has become thoroughly established. Therefore, it behooves you to prevent this trouble or to take care of it in the early stages.

BIG FOUR MEN MAY QUIT WORK

(By The Associated Press)
JOLIET, Ill., Aug. 8.—Members of the "Big Four" brotherhoods including engineers, conductors, firemen and trainmen, today threatened to quit work for the Elgin, Joliet & Eastern railroad unless state troops, brought here following rioting yesterday, are removed.
Switchmen are expected to pursue the same course, according to union officials who told P. F. Mc

Mann superintendent of the road that the engineers would start quitting work at midnight and others would follow at 24 hour intervals if the soldiers remained. Railway officials had given no answer early tonight. Following an exchange of shots early today between soldiers and strike sympathizers, the situation remained quiet here today.

Oliver Sooy helped represent Murrayville in city yesterday.

Hiram Drury of near Orleans came to the city yesterday.

USE TELEPHONES

CINCINNATI, Aug. 8.—Big Four officials announced today that in the event of strike by the 1,100 telegraphers employed on their system the telephone will be resorted to in the dispatching of trains "as train orders are handled exclusively by telephone on the Big Four."

In a statement to The Associated Press E. M. Costin, general manager of the Big Four said that when the management and the telegraph operators failed to reach an agreement over the interpretation of working rules "in accordance with the transportation act," the management suggested "that the matter be referred to the railroad labor board for a decision." This, the representatives of the Order of Railroad Telegraphers refused to do.

FINED FOR VIOLATING STRIKE INJUNCTION

Lincoln, Neb., Aug. 8.—Mrs. Charles L. Munson of Havelock, Neb., was fined \$25 by Federal Judge J. W. Woodrough in United States district court today for violation of the strike injunction.

Mrs. Munson was charged by Mrs. John H. Bilson, wife of a non-striking shop man with having painted the word "scab" on the latter's house.

LOS ANGELES, Calif., Aug. 8.—The jury to try the thirty-seven indicted members of the Ku Klux Klan on felony charges growing out of the Inglewood raid of April 21 last was completed late today. It is composed of eight men and four women.

TAKE STEPS TO SAVE STATE BATTLE FLAGS

Civil War Relics Will Be Bound Invisible Silk—Will Be Treated Before Being Placed in New Memorial Building.

SPRINGFIELD, Ill.—Illinois' battle flags that were under fire in the war between the states will be bound in invisible silken nets when they are removed from Memorial Hall in the Capital buildings to the museum of the new Centennial building.

Many of these relics are mere tatters. Age has completed what the shot and shell started more than a half century ago and some of them are in danger of falling to pieces if disturbed.

But a way has been found to preserve the delicate remnants so that they will arrive in their final resting places unharmed. Adjutant Carlos E. Black believes.

The flags which are too frail to hold together will be placed on silk nets which, while invisible from a distance of a few feet, will hold the torn bits of cloth in position just as they were when taken from the battle fields, it is asserted.

This work probably will be done by Edmund Banks Smith, army chaplain at Governor's Island, New York. He is said to have developed a system of preserving old flags. He is said to have introduced the system into this country from Europe. He has told Gen. Black the work can be accomplished that not a single bit of the old flags will be displaced.

WILLIAM L. STRIDGER

"Billy" Stridger has been a reporter, a tramp, a bricklayer, a janitor, a ten-second sprinter, prize-winning college orator, truck driver, author of six books and world vagabond. He is human, he knows folks. From preachers to prize fighters he numbers his friends and finds his stories. Is it any wonder that the Stridger lectures have the real human touch?

He went to France of course he did. He went there to pray-and remained to fight. After the war he spent a wonderful year roam-

ing about in the strange far-away corners of the earth, writing stories for a syndicate of newspapers and magazines.

He is a gifted speaker and his rich experiences have qualified him as a platform star of the first rank.

He comes to Chautauqua on Thursday, August 17. Morgan's Rainbow Division precludes his lecture and will give a grand concert in the evening.

Jacksonville Chautauqua, Friday, August 11 to Sunday, August 20.

but all will remain intact, preserving with strict fidelity the ancient battle scars. Even if a flag should fall to pieces there need be no fear, according to Chaplain Smith, for the pieces can be put back into their original places with complete exactness. The chaplain says he has mounted pieces that came to him in an envelope so that the restored flag was identical with the original.

The cost of this work, Chaplain Smith has advised General Black, will be about \$3 a square foot. The average size of the flags is 30 square feet, which would make a charge of about \$90 for each flag treated. This matter of cost has been troubling General Black, for the last legislature appropriated only \$500 to cover the cost of removing the museum relics. It will require almost that sum to restore only five flags.

Gen. Black declared that the relics must be preserved at any cost. He probably will ask for a separate appropriation for this work.

There are 354 Civil War flags in the museum, representing almost 175 Illinois regiments in the Civil War. The glass cases also contain two from the Mexican war and 21 from the Spanish war. Not all of these flags will require restoration, but it is evident many of the Civil war banners will crumble at a touch.

In addition to these old flags, the museum has 17 colors, standards and guidons carried by Illinois soldiers in the World war. These are not on display because there is no room in old Memorial Hall for a case to put them in. With the thousands of other relics in the case of Captain John B. Inman, custodian of the museum, they will be placed in specially constructed air tight cases in the new building. To avoid exposing any of the war relics to unnecessary danger, they will be carried thru a tunnel connecting the two buildings.

NATIONALISTS IN RATTLE

DUBLIN, Aug. 8.—Nationalist forces entered New Castle, West, yesterday after a 12-hours battle in which 12 irregulars were killed. The casualties of the nationalists were less than those of the irregulars.

Taking little respite after Sunday's labors the Nationalists advanced from Rathkeale Monday morning, and by mid-day were in sight of their fresh objective. Armored cars entered the town and machine gun fire was directed against a party of irregulars, causing many casualties.

When the artillery went into action against the headquarters of the irregulars the irregulars fled precipitately along Cork road.

MAX PREPARING FOR WEDDING

Zurich, Switzerland, Aug. 8.—Max Oser, the former riding master is observing the strictest secrecy with regard to his reported engagement to Mathilde McCormick of Chicago. It is said that he has not even informed his brothers and sisters regarding plans for his marriage to Miss McCormick. They are convinced, however, that preparations are underway for the marriage, declaring that Max continually is in communication with Miss McCormick.

FOOTLESS MAGGOT DAMAGES WHEAT

WHEATON, Ill.—A footless maggot that is the child of the joint worm is doing damage to wheat that is often mistaken for the work of the Hessian fly, the DuPage County Farm bureau says. The difference is that the maggots are always inside the straw while the Hessian fly is beneath the sheath of the leaf. The best remedy for controlling this worm, it is said, is to cut the straw high where there is no clover and turn it under as stubble. If there is clover, cut the straw low, then bale and sell the straw to towns or cities.

Come, See the Western Electric
Dishwasher and Kitchen Table

Another Item of Household Drudgery Eliminated
We have the electric washer, the sweeper, the toaster, and a dozen other labor savers in the home, and now—the dishwasher.
Of all the household tasks a woman has to do, none does she dislike more than that of dishwashing—it's a mean, slavish, disagreeable work—three times a day, no matter the weather, no matter how she feels, dip, dip, dip, into hot, greasy dishwater. But, now all this is eliminated in the home—ten to fifteen minutes does the trick, in a clean, pleasant manner.
Here's How it Operates
First, the lower rack in the dishwasher is filled with plates, saucers and platters. The silverware is also placed in the proper compartments.
The upper rack is then put into the dishwasher, and cups, pitchers, and glasses are placed in it.
When all the dishes are in place a tea kettle or an eight-quart bucket full of hot water in which a tablespoonful of washing powder has been put, is poured into the dishwasher and the lid is closed.
The motor is then switched on. This turns the paddle wheel which throws the water at great speed over and around every article, thoroughly cleaning all sides of dishes and silverware.
In eight minutes the dishes have been washed and are ready for rinsing. The water in the dishwasher is then drawn off and another eight quarts of boiling water for rinsing is poured in.
In three minutes, the dishes are rinsed and the motor is turned off.
It is only necessary to dry the silverware and glasses, which must be polished with a dry towel. By the time this is done, the china has dried of its own accord and is ready to be placed in the china closet.
The dishwasher cleanses itself, because the same water that rinses the dishes also rinses out the machine.
The dishwashing has taken only 12 to 15 minutes, with practically no work on the part of the housewife and with no dipping of hands into hot greasy dishwater.

DEATHS

Simmons.

rs. Earl Simmons of Carroll passed away at Our Savior's hospital early yesterday morning. Remains have been taken to rollton where interment will be made.

Lockwood.

arry Lee Roy Lockwood, son of Charles and Emily Smith Lockwood, passed away at St. Louis hospital, St. Louis, Mo., 5th, at 4:15 a. m., being at time of his death 38 years, 10 months and 20 days old.

He was united in marriage with Florence Padfield Feb. 18, 1910, who survives together with sisters, Mrs. Celia Roney of Jacksonville, Mrs. George Kenney of Joy Prairie, Mrs. Chas. R. Franklin, Mrs. Warren Roney of Murrayville and Mrs. Mas Roney of New London, Ia.

His father, mother and one sister preceded him in death several years ago.

He grew to manhood in this county and in later years took up engineering. He belonged to the Brotherhood of Locomotive Engineers, Div. 487, also the Brotherhood of Firemen of Okla. Ill.

He was of a kindly disposition and won the friendship of all who knew him.

Through his illness he bore suffering with great patience and fortitude, and when all his hopes had vanished he met his death with readiness to meet God.

His many friends will bear him regret of his passing away. It is a matter of translation of his good and pleasant life into the more readily give him place into "the house not made with hands." His remains were accompanied back by his wife.

her brothers, Albert and Ralph Padfield, Mrs. Berkin and Mrs. Frank Padfield, all of St. Louis, and taken to the home of his sister, Mr. and Mrs. Warren Fanning, of Murrayville.

Funeral services were held at the Youngblood church at 11 a. m. Monday. Reverend Roy Marsh officiated. Interment was made in the Youngblood cemetery. Suitable music as furnished by the church choir.

The flowers were cared for by Mrs. Richard Foster, Mrs. Wm. Fanning, Miss Alice Fanning and Mrs. Grover Mason. The pall bearers were nephews of the deceased. They were: Oral Henry, Lionel Seymour, Howard Kennedy, Richard Foster, William Fanning and Grover Mason.

A precious one from us has gone. A voice we loved is stilled; A place is vacant in our home, Which never can be filled.

God in His wisdom has recalled The boon His love had given. And though the body slumbers here,

His soul is safe in heaven. Asleep in Jesus, blessed sleep. From which none never waken to weep.

A calm and undisturbed repose Unbroken by the list of foes. Asleep in Jesus' far from thee— Thy kindred and their graves may be!

But thine is still a blessed sleep From which none never waken to weep. Peaceful be thy silent slumber, Peaceful in thy graves so low;

Thou no more will join our number, Thou no more our sorrow know. Yet again we hope to meet thee When the day of life is fled,

And in heaven with joy to greet thee. Where no farewell tears are shed, Call not back the dear departed. Anchored safe where storms are o'er,

On the border land we left him Soon to meet and part no more. When we leave this world of care We shall meet our missing loved ones

In our Father's mansion fair. Farewell, Roy, but not forever. There will be a glorious dawn; We shall meet to part no more! On the resurrection morn.

Thy darling form lies sleeping In the cold and silent tomb. Thou shall have a glorious waking When the blessed Lord shall come.

Born to Mr. and Mrs. Horace H. Bancroft at Passavant hospital Tuesday morning, a daughter, Mary Elizabeth.

LACK OF FUEL GROWS DAILY MORE ACUTE

C. & A. Road Cuts Train Schedules—Local Industries in Fairly Comfortable Condition

The coal shortage is indicated by the action of the C. & A. road in annulling a number of trains. As mentioned yesterday, trains now leaving Jacksonville for the north at 6:30 a. m. and for the south at 7:20 p. m. are to be discontinued after Thursday and until fuel supply conditions change.

The Hummer which now leaves Chicago at 6 o'clock will be changed to 4:15 o'clock and will become a local train reaching Jacksonville on just about the present schedule. The north-bound Hummer will also be a local and will not reach Chicago until nearly nine o'clock. The arrival time now is 7:35.

Acute fuel conditions have caused notice to be issued by H. E. Chubbuck, executive officer of the Illinois Traction System, stating that curtailment of service must be made in a number of cities unless the production of coal begins very soon.

E. H. Gray, in charge of the local properties, has enough fuel on hand to last three or four weeks but is nevertheless conserving his supply very carefully. For more than a week past coke and coke breeze have been used under the boilers. A 10,000 tank of oil was received yesterday to supplement the oil supply already on hand.

Before the mines shut down Mr. Gray had stored a supply for 120 days and has in subsequent weeks added to the supply when at all possible. If mining operations begin this month no curtailment of Jacksonville service is likely.

Powers-Begg Packing company has a coal supply sufficient for the needs of this month, possibly a little longer.

The same condition obtains at the mill of J. Capps & Sons where there is enough coal in storage for a four or five weeks period.

The city in recent weeks has been securing coal from wagon mines near Springfield, Athens and Petersburg, and the cars now on hand will be sufficient for about three weeks, in the opinion of Superintendent Stoldt, who is using fuel just as economically as possible.

MRS. COFFEE, LONG TIME RESIDENT, DEAD

Born in Ireland the Deceased Had Spent Most of Her Life Here—Children Survive.

Mrs. Margaret Coffee passed away at her home, 704 East North street Tuesday afternoon following a long illness. The deceased had been in failing health for five years and had been a most patient sufferer.

Mrs. Coffee was born in 1834 in county Armagh, Ireland, and came to the United States at an early age and ranked as one of the pioneer residents of this city.

Coming here as a young woman she spent practically all of her life in Jacksonville and was well known by nearly all of the older citizens.

Mrs. Coffee was a woman of kindly heart and her generosity was shown in many ways to neighbors and friends. Devoted to her home, family and church she went on year after year doing her duty unflinchingly.

As a girl she became a member of the Church of Our Savior and lived in a way faithful to its teachings.

Mrs. Coffee's husband died twenty-five years ago and she is survived by eight children, Mrs. Mary Quigley, Jacksonville; Mrs. N. T. Lushmet, Winchester; John Coffee, Peoria; Misses Margaret, Anna, Agnes and Elizabeth and James Coffee at home. There are also nine grand children and one great grand child.

Funeral arrangements have not yet been completed.

BYRNS STORE TO CLOSE WHILE WELL IS SHOT

This is an important date as the well on the Mahon farm will be "shot" this afternoon. Local friends of Frank Byrns whose zeal and interest brought about drilling now in progress here insist that the oil area, if developed, shall be known as the Byrns field.

In order to permit employees of the Byrns Hat Store to be present when the first well is "shot" this afternoon, the store will close at two o'clock.

AN AGED VISITOR.

The venerable J. N. Campbell of the vicinity of Merritt was a caller in the city for a while yesterday. The old gentleman was born April 24, 1931, and thus, though past 91 is yet quite strong and well preserved. His parents moved to this region from Tennessee and settled in what was then a part of Morgan county, just a few miles east of the river, and all his life has been spent in that vicinity.

The Dort's Usual Performance

In Brooklyn a Dort stock touring car carrying four passengers maintained an average of 24.1 miles per gallon of gasoline in a 24 hour non-stop run. The car was locked in high gear and ran through the thick of city traffic. Less than one quart of oil was used with the motor running continuously. Over a measured half mile the car showed better than fifty seven miles per hour. At the end of this gruelling run the motor was "as cool as a cucumber" says the wire.

This test, which was under the observation of the automobile editors of all the Brooklyn

newspapers, is regarded as a wonderful demonstration of the economy, flexibility and endurance of the Dort four cylinder motor and the staunchness of the Dort chassis.

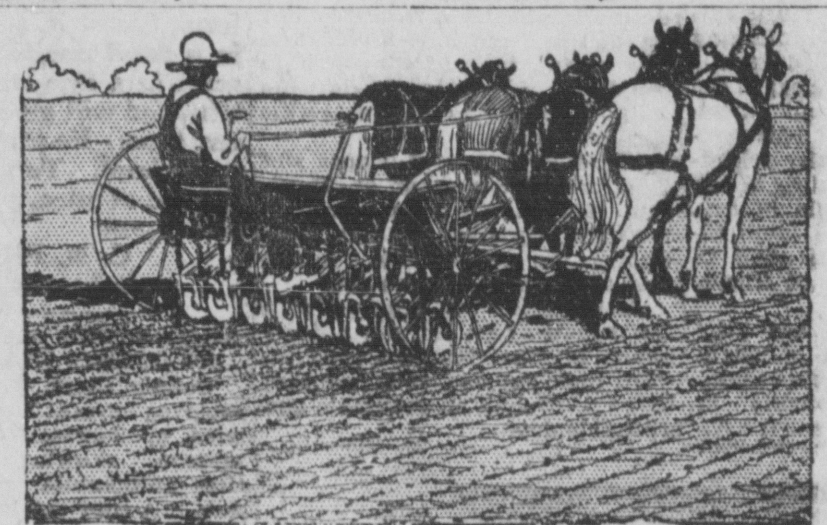

An equally remarkable record under totally different conditions, was made in California. Running from Fresno to Glacier Point Hotel, 3200 feet above the Yosemite Valley, a distance of 105 miles, constantly up grade, a Dort stock touring fully equipped, carrying two passengers, established an official record for this difficult run. It made the fast time of four hours and fifty eight minutes.

BOOSTER TOUR
GREAT SUCCESS

Twenty-Seven Automobiles Loaded With Jacksonville Business Men Visited Morgan County Towns Tuesday—Were Given Cordial Reception.

Twenty-seven car loads of Jacksonville boosters made a tour of the southern half of the county yesterday. This tour was under the charge of a committee of the Chamber of Commerce, composed of William Berryman, chairman; Harrison King, John Larson and Lloyd Hamilton. These gentlemen deserve great credit for making the tour the success that it was. The caravan started from the north side of the square at 9 o'clock. Those driving cars on the trip were:

- W. A. Berryman—pilot car, Lloyd Hamilton, Walter Houston, L. F. O'Donnell, Charles S. Black, Wood Phillips, Clarence Lukeman, Fred Hopper, Earl Wiswell, A. R. Taylor, R. Y. Rowe, G. A. Harney, Harry Roach, H. J. Rodgers, L. F. Randle, C. H. Story, C. Joy, W. E. Sullivan, Harrison King, H. C. Welch, A. Stiefel, Hugh Breeden, Clarence York, and George A. Harry.

Many citizens helped fill the cars. The whole making a large number, which may be estimated at about two hundred. At Alexander a stop of ten minutes was made during which Dunlap's orchestra, whose equipment had preceded the procession, played a couple of airs.

Judge Samuell Talks
The second stop was made at Franklin. After Dunlap's Music had been enjoyed by the assembled Franklin citizens, Judge Paul Samuell mounted the musician's truck and made the following brief, but to the point address:

"History moves in cycles; in the days of the revolution all Americans were revolutionists. This condition of inter-community friendship existed until the time of the Civil war. Then people became self centered and were more intent on their business than in keeping up this spirit of friendship."

But now the cycle has gone around and a new era of neighborly good feeling has come again. The people of Jacksonville in wishing to further this spirit have

come today to call on their neighbors of Franklin.

"He then went to call the attention of the audience to the two big events that will soon be held in our city, the Jacksonville Chautauqua and the Morgan County Fair and races."

The Jacksonville "Good Will Mission" arrived in Waverly at twelve o'clock sharp. After a half hour friendly visiting with Waverly people, dinner was announced. The dinner was served at the M. E. church by the ladies of the church and was the best in the way of dinners that can be given. Fried chicken held a prominent part on the bill of fare and was flanked with great quantities of other good foods. After dinner three quarters of an hour was spent in listening to the following selections, played by the Waverly band:

- 1. March—Tenth Regiment, ... Holl.
- 2. Overture—Poet and Peasant, ... Von Suppe
- 3. Selection—H. M. S. Pinafore, ... Sullivan
- 4. An Idyll—The Glow Worm, Linke
- 5. A Bit of Jazz, ... Meyer
- 6. March—Gate City, ... Weldon

John Larson and Marcus Hulett routed and started the cars from this city.

A big picnic was being held at Centerville, which was the next stop. A selection by Dunlap's was enjoyed and then Judge Samuell spoke, emphasizing the educational points of the fair and chautauqua.

There was only a ten minute stop at Nortonville, for water and rest. The cars then went on to Murrayville. It was between these two towns that Joy brothers repair car justified its coming on the trip. Joy brothers were "Johnny on the spot" and made use of their tow chains to haul the Breeden car home. At Murrayville the same program as at Centerville was gone thru.

Wood Phillips, of J. Capps and Sons, was the speaker at Woodson. He made a few remarks on the chautauqua and the fair, mentioning the Jacksonville horses that are entered in the races.

At Jacksonville was reached at a few minutes past six, and a dusty bunch of local boosters sped toward their supper, each realizing that he had had an enjoyable and profitable day.

TWO PAVING CONTRACTS
AWARDED TUESDAY

Standard Paving Company Will Do East State Street Work—North Main Job Goes to Simeon Fernandes & Son.

The board of local improvements held a meeting at 2 o'clock Tuesday afternoon for the purpose of opening bids for pavements on North Main street and on East State street. The contract for paving North Main street from North street to the Wabash railroad with brick was awarded to Simeon Fernandes & Son on a bid of \$10,074.84.

The contract for the paving of East State street from the railroad to Johnson street with asphalt was awarded to the Standard Paving company on bid of \$22,146.64.

John T. Walbridge was also a bidder for the North Main street work and his bid was only about \$50 above that of Fernandes and Son. The bid of the Standard Paving company for North Main street was \$10,380.40. A second bidder for the East State street pavement was the Commonwealth company and their bid was \$34,173.44.

The details of the Fernandes bid for North Main street were as follows: Brick, per yard, \$3.48; curbing gutter, 98c foot; removing old curb, 15c foot; removing old brick, 20c foot; inlets, \$6 each.

The detailed bid of the Standard Paving company for East State street work was: Asphalt, \$3.14 per yard; curbing gutter, 95c foot; removing old curb, 15c foot; removing old brick, 20c foot; inlets, \$6.

Will Entertain Pleasant Hour Club.

The Pleasant Hour Club will be entertained by Mrs. George Sargent at her home on South East street. A musical program is being arranged by the hostess and Mrs. George Peck is chairman of the program committee.

Meetings of this club are continued thru the summer season and the attendance record is excellent. Mrs. E. Pyatt is president of the club.

Westminster Women
To Sew.

The August birthday social of the women of the Westminster church will be held Thursday afternoon at 2:30 at the home of Mrs. J. W. Walton. Members are requested to come prepared to sew.

Misses Carlile and Arter.
Hostesses to Chain Party.

Miss Hazel Carlile of 896 East State street and Miss Annabel Arter, were the hostesses at a chain party held for the benefit of the Centenary Missionary society. The party was held last evening at the home of Miss Carlile and was attended by about twenty four guests. Each member of the society is pledged to hold a party in the interest of missionary work.

Ella Ewing Circle
Enjoyed Picnic.

A full attendance of members were present at the picnic of the Ella Ewing Circle of Central Christian church given at Nichols park last evening. The topic for discussion on the program that followed the supper was "Churches in America." Several interesting articles were read on the subject. Miss Mary Dewees and Miss Alice Green had prominent parts on the program. Miss Marie Finney and Miss Mary Dewees were the hostesses, while Mrs. Mae Hitt led the program. The charming picnic supper was arranged by the social committee: Mrs. Homer Ranson, chairman; Miss Margaret Coffman and Miss Ruth Henderson.

Meeting of Franklin
Homemakers.

The regular meeting of the Franklin Homemakers was held yesterday afternoon on the outing club grounds at Franklin reservoir. Mrs. Lawrence Sears was the hostess. In the absence of the president, Mrs. Charles Gibson, the vice president presided.

The roll call was answered by quotations from Shakespeare. Mrs. Sinclair presented an admirable paper on Daniel Webster. This was a gala occasion as the families of the members were invited. A delicious picnic supper was served at six o'clock. Mrs. Luther Wiley was a guest of the hostess.

Man and Wife Have
Dolls' Birthday Celebration.

Mr. and Mrs. A. G. Crozier of 1407 South West street, celebrated their birthdays yesterday at a family dinner party at six o'clock. Yesterday was the lady's birthday and today the gentleman's but it was decided to hold a double celebration. About fifteen members of the family were present.

Ice Cream Social at
Strawn's Crossing.

An ice cream social for the benefit of Passavant hospital was held last evening by the members of the Strawn's Crossing Country club at the home of Mrs. Edward Armstrong, north of Salem church. Ice cream and cake were served beginning at six o'clock and a neat sum for the hospital benefit was realized at the affair.

Mrs. Frank Hunter acted as chairman of the domestic committee and Mrs. Frank Green, Mrs. W. C. Thompson, Mrs. Lena Arnold and Mrs. R. E. Phillips are the other women in charge of the food. All members of the club assisted with the serving.

CITY GOLF LEAGUE
ELECTED OFFICERS

Captains of Various Teams of City Named—Plans for General Schedule to Be Formulated

Ted Beadle was nominated and elected chairman of the Jacksonville Golf League at an enthusiastic meeting of representatives of many teams of the city at the Cloverleaf Club last night. His duty will be the calling together of the captains of the teams and to draw up a schedule and handicaps for the teams at once. The meeting will be called either Thursday or Friday evening.

Eleven captains were also elected to select their teams from their allotted districts and will have their list ready for registration with Chairman Beadle at the first meeting. The various captains and their territory for selecting their team or teams if it is possible are:

North Side Square—Cass Hamm, captain; East Side Square—Joe McGinnis, captain; South Side Square—John Johnson, captain; West Side Square, Marcy Osborne, captain; Capps Woolen Mills, Wood Phillips, captain; Illinois Bridge company, Ted Beadle, captain; Press, Clifford Alvies, captain; Engineers, (Caldwells and Ellis), H. L. Caldwell, captain; Cloverleaf, C. Y. Rowe, captain; Doctors, A. R. Gregory, captain; Jacksonville Packing company, Cleon Bell, captain.

All of the above named captains are expected to select their teams as quickly as possible and as many as convenient. Hoppers' Shoe store will be classed as South Side square, and will probably have enough players for a team of its own to be selected by Captain Johnson.

THOMAS BRENNAN IS
BADLY HURT IN FALL

Falls Twenty-Five Feet From Top of Crab Tree—Internal Injuries Feared.

Tom Brennan, Jr., 14 years old son of Thomas Brennan, fell twenty five feet from the top of a crabapple tree, at the residence of Abner Thompson of West Lafayette avenue yesterday morning. Intervening branches broke his fall in some degree, saving him from more serious injury.

The lad was picked up unconscious and taken to his home on Redwell street. Dr. King was called and made a thorough examination but could find no bones broken and no definite signs of serious internal injuries. It is thought however that he may be seriously injured internally and his stupor adds weight to this theory.

BOUGHT A HOME.

Charles Patton, chief clerk at the State School for the Deaf, has been occupying the home of Rev. M. L. Pontius during the absence of the latter on his vacation and has now bought a home at 221 Caldwell street. He is enjoying his vacation with his family in and about the city and adjoining places.

Sixteen young people enjoyed the dancing and games that featured the sixteenth birthday. Miss Lillian Carter assisted Mrs. Cumming in the entertaining and the serving of the attractive refreshments.

During the evening the following prizes were awarded: Earnest Olds and Toinette Cully for the Auto Guessing Contest. Earl Hoover won the booby prize in the same contest consisting of a miniature Ford with a horn much larger than itself. Miss Virginia Smith, Virginia Cumming and John Bolman were also recipients of prizes during the evening.

Centenary Bible Class
In Picnic at Park

The Loyal Mens Bible Class picnic of Centenary M. E. church was held at Nichols park last evening and was a grand success. An excellent supper was enjoyed by the forty members present and a general business discussion followed. The future growth and development of the class was the subject of discussion and plans were made for the appointment of a campaign committee to launch a drive for members at once. The personnel of the committee will be announced at church next Sunday.

During the evening short talks were made by President, C. W. Boston, C. A. Rowe, Rev. Robertson, and C. Reeve. The program was brought to a close by a song, "Blessed be the Tie That Binds", and the party was dismissed with prayer by Brother George Weber.

Star Camp 171 R. N. A. Met

Star Camp 171, Royal Neighbors of America, met last evening in regular session. As Miss Nellie Self, the Oracle of the lodge, will soon move to Kansas, a new oracle and vice oracle were selected. Mrs. Elsie Bleher was elected Oracle and Mrs. Grace Templin, vice oracle.

Arrangements were concluded for the R. N. A. picnic which will be held at Nichols Park this afternoon. The Mrs. Virginia Pires and Mrs. Elsie Bleher are making arrangements for the affair.

At the conclusion of the business meeting the ladies adjourned to the blue room of the Peacock Inn where they held a farewell party in honor of Miss Self. A musical program and dancing were enjoyed and refreshments were served.

WELL KNOWN CITIZEN PASSED AWAY TUESDAY

J. Frank Ketner Dies at Home After Long Illness—All His Life Had Been Spent in County

J. Frank Ketner, a resident of Morgan county since birth, died at his home, 1900 South Main street, South Jacksonville, at 2:20 o'clock Tuesday afternoon, following a long illness.

Decedent was the son of Henry and Mahala Ketner, natives of North Carolina, who came to Illinois in the early days. He was born near Woodson, September 9, 1859, and grew to manhood in that vicinity where he was married to Miss Eliza Jane Harney in September, 1861.

His first wife preceded him in death many years ago. He was again united in marriage to Miss Minnie Anderson, July 8, 1914, who survives. He also leaves the following children: Mrs. Nettie Megginson, Mrs. Anna M. Self, Woodson; Mrs. Ida Crawley, Jacksonville; seven grandchildren and ten great grandchildren.

Mr. Ketner for many years followed the occupation of farming and was accounted successful in that calling. Thirty two years ago he moved to Jacksonville. While he then gave up active work he always gave his farming interests his personal attention.

Always being interested in his home community, Mr. Ketner gave freely of his time to public affairs. When Nichols park was established he offered his services gratis as superintendent of the park. He held this position for a number of years and it was largely due to his work in the beginning that Jacksonville now has one of the most beautiful parks in the state.

Early in life Mr. Ketner became affiliated with the Masonic fraternity and thru the years he was one of the most active members of the local bodies. He was a member of Harmony Lodge No. 3, A. F. and A. M., Jacksonville Chapter No. 3, R. L. and S. M., Jacksonville Council No. 5, Hospitalier Commandery, No. 31, Knights Templar, Wilbur Chapter No. 358, O. E. S., Springfield Consistory and Ansar Temple Order of Mystic Shrine. He served as treasurer of Harmony Lodge and Hospitalier Commandery for many years.

The quiet and unostentatious in his manner, Mr. Ketner was a man who made and held many friends. He was a familiar figure on the streets of the city and in his death the community suffers a distinct loss.

Funeral services will be held at the residence, 1900 South Main street, South Jacksonville at 9 o'clock Thursday morning in charge of the Rev. Myron L. Pontius, pastor of Central Christian church, assisted by Dr. G. W. Miller of Woodson. Burial will be in Diamond Grove cemetery.

Roy Masters and Tom Six of Bluffs were in the city yesterday.

MABEL QUAM STEVENS

Here is a lecturer who can dramatize the time-old truths of the Scripture and give them a modern application; who can tell the "old story" with new effectiveness.

She has been a teacher in ladies' seminaries, a missionary among Chinese, Italians, Mexicans and other foreign citizens in settlement work, and has spent months in Palestine studying the sources of the Bible.

At Winona Assembly and other great Chautauqua platforms she is a prime favorite. Her evening last year brought countless demands for a return engagement.

"The Scarlet Band" will be her subject this year. It is based on the beautiful book of Ruth. It is notable as a piece of art in the telling of a story and has been acclaimed a fine piece of descriptive oratory, heart-touching and thought compelling in its classic beauty and impressiveness.

You'd Do the Same

If your dearest relative or friend should in some way contract lock-jaw, what would you do? Here is what would happen. You would frantically call your doctor whose first thought after diagnosing the case would be, "Has the druggist any anti-lock-jaw serum on hand and in fresh state." Yes, of course he has. Then most of the doctor's worry is over, and in a short time after administering serum the danger point is passed.

Does this little service mean anything to you? We, your druggist, make but little on these serums, yet where would your friend have been without their immediate use.

Does any cut rate store offer you any such protection for your loved ones? Think it over.

Our stock of serums is complete.

OFFERED INVENTION TO TEXAS REPUBLIC

Samuel F. B. Morse Made Proffer of Electro-Magnetic Telegraph to General Houston in 1838.

AUSTIN, Texas—Samuel F. B. Morse offered the Republic of Texas his invention of the electro-magnetic telegraph in 1838, but the offer never was accepted, according to a letter by Mr. Morse found in the state library.

The letter, dated 1860, was addressed to General Sam Houston, then governor of Texas, and withdrew the offer, which had been made more than twenty years before to General Houston as president of the Texan republic. The communication was written from "P'keepsie," taken by librarians to be Poughkeepsie, New York. It is dated August 9, 1860. Starting with "May it please your excellency" the letter read:

"In the year of 1838 I made an offer of gift of my invention of the electro-magnetic telegraph to Texas, Texas being then an independent republic. Although the offer was made more than twenty years ago, Texas, while an independent state, nor since it has become one of the United States, has ever directly or indirectly accepted the offer. I am induced, to believe in its condition as a gift it was of no value to the state, but on the contrary has been an embarrassment. In connection, however, with my other patent it has become for the public interest as well is my own that I should be able to make complete title to the whole invention in the United States.

"I therefore, now respectfully withdraw my offer then made, in 1838, the better to be in a position to benefit Texas, as well as the other states of the Union.

"I am with respect and sincere personal esteem.

Your Obedient Servant
"SAM'L F. B. MORSE."
Librarians are looking for the letter of 1838 affecting the electro magnetic telegraph to Texas. They are also seeking to find out what "other patent" Mr. Morse spoke of.**CATHOLIC LADIES TO AID AT PICNIC**

The miners decided not to mine any coal this summer. That would produce a shortage this winter and, as a matter of fact, the mine owners and operators were satisfied to have it that way.

Now the President invites them to get together and of course they will. What's the use anyway? It all means that you will have higher priced coal. Now that this is attended to, you may save a few dimes or dollars to help pay for the coal and we're trying to help.

SPECIAL TAX NOTICE

Notice is hereby given to all persons interested that the City Council of the City of Jacksonville, Illinois, having ordered that a local improvement, consisting of a street pavement, be constructed on West College Avenue, in said City, from the west line of South Sandy street, running thence west along said Avenue to the intersection of the West City Limits with said West College Avenue, which said pavement shall be constructed in accordance with the plans, plats and profiles on file in the office of the City Clerk of said city, and which said improvement shall consist of a sheet asphalt pavement with a combined concrete curb and gutter on each side of said asphalt pavement, and said asphalt pavement shall be constructed in the following manner: that the top layer of the old brick pavement shall be removed, and all holes and ditches filled, as provided in said ordinance, and brought to grade eight inches below the surface of the finished pavement when completed. Upon this sub base there shall be placed a layer of concrete five inches in thickness. Upon the concrete base there shall be placed a binder course one inch in thickness composed of coarse aggregate, sand and asphaltic cement, and upon the binder course shall be laid a wearing course two inches in thickness composed of refined lake asphalt, or equal heavy petroleum oil, clean sharp sand, and fine powdered carbonate of lime, with a coat of hydraulic cement, which said improvement shall also include necessary concrete headers, brick catch basins and storm water inlets, and the re-setting of existing storm water inlets, and man-hole and valve box covers; all of which is further shown and more particularly described in the plans, profiles and specifications for said work on file in the office of the City Clerk of said city, to which reference is hereby made, the ordinance for the same being on file in the office of the City Clerk of said City, and also made a part of the petition in this proceeding, and said City of Jacksonville, Illinois, having applied to the County Court of Morgan County, Illinois, for an assessment of the cost of said improvement, said assessment being payable in ten installments, each bearing interest at the rate of six per cent per annum, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 24th day of August, A. D. 1922, at the hour of ten o'clock A. M., or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said date and may appear at the hearing and make their defense. Dated at Jacksonville, Illinois, August, 7th, 1922.

Power Farming and Petroleum Products

LABOR and power represent 80 to 90 percent of the total cost of producing farm products.

This portion of the cost is reduced by the use of motor-driven machinery which enables each man to cultivate more acres and to cultivate each acre more cheaply.

The following figures, made on authority of the International Harvester Company prove the correctness of this statement.

1921 COSTS—DISCING

Double Discing (8-ft. disc) with horses—15 miles travel per day, costs 85c per acre.
Double Discing (8-ft. disc) with 10-20 tractor—20 miles travel per day costs 65c per acre.
(A saving of 22.3%)

1921 COSTS—DRILLING

Drilling with horses—15 miles travel per day; costs 53c per acre.
Drilling with 10-20 tractor—25 miles travel per day; costs 26c per acre. (A saving of 51%)

1921 COSTS—HARVESTING

4 horses with an 8-ft. grain binder can harvest an average of 15 acres a day at 65c an acre.
1 kerosene tractor with 2 8-ft. binders can harvest an average of 40 acres a day at 50c an acre.
(A saving of 23%)

The increasing use of motor-driven machinery on the farm indicates that the practical farmer has come to realize that the use of such equipment is profitable.

The Standard Oil Company (Indiana) in its endeavor to furnish a complete cycle of service is delivering its products to the farmer under the same conditions as for similar deliveries in the town.

Such service is possible only because of the complete system of distribution which has been developed throughout the 11 Middle Western States served by this Company.

Only a great enterprise, permanently organized, adequately financed, and inspired by a high sense of its social responsibilities could guarantee the farmer, and all those who consume farm products, that all essential needs for petroleum products will be cared for.

CHAUTAUQUA AT ARENZVILLE IS IN FULL SWING

Mutual Morgan Program Opens With Parade by Juniors—"Shepherd of the Hills" Presented Last Night.

Arenzville, Aug. 9.—Under the supervision of Miss Allison, junior coach of the Mutual Morgan Chautauqua Bureau, a parade was held on Saturday evening at 7:30 o'clock. This was staged by the children with all sorts of decorated wagons and other means of conveyance.

Chautauqua will begin on Monday evening with the production "The Shepherd of the Hills." On the evening of the last day (Friday evening) the Junior Pageant entitled "The Pageant of Peace" will be given by local children under the supervision of Miss Allison. No one can afford to miss the programs this year, since there is such a variety of entertainment. The cost is very small. When buying season tickets, the cost of each session will be about twenty cents. Secure your season tickets from any of the following Chautauqua guarantors—C. E. Rice, H. E. Natemeyer, A. Streuter, O. N. Zahn, W. E. Hierman, H. Geo. Wright, H. L. Meyer, Merle Pfolsgraf, H. C. Lovekamp, O. W. Hackman, Geo. Brockhouse, Henry C. Brockhouse, J. A. Weeks, Lorenzo Burrus, H. R. Kircher, W. DOLL BUGGY PARADE WILL BE FEATURE

The doll buggy parade promises to be a feature of unusual interest in connection with the Knights of Columbus picnic, on the grounds of the Jacksonville State Hospital. This parade is scheduled for one o'clock and will take place on the main walk.

Liberal prizes have been offered and they will certainly attract a large number of entries of girls of twelve years and under. In fact a number of children and their parents yesterday began decorating buggies for this event. The prizes offered are, first, \$10; second, \$5; third, \$2.50; fourth, box of candy.

Robert Johnson of Quincy is visiting his sister, Mrs. S. E. Moore, on Goltra avenue.

No heat with this summer meal

A DISH of crisp, delicious Grape-Nuts, with cream or milk (some berries or fresh fruit, too, if you like) is cooling to serve, cooling to eat and cooling to digest—with a charm of flavor and goodness that rouses appetite enthusiasm. No preparation, no cooking—no heating of the body afterward, as heavy, starchy meals do—but well-rounded nourishment for every bodily need.

There's a noticeable feeling of lightness and comfort after such a meal.

Try this way out of the heat, bother and uncertainty that usually goes with the midsummer food problem.

ZACHARY DEFEATS LEAGUE LEADERS

Pitches Airtight Ball Thruout and Allows One Run—Nationals Won by Hitting Davis in Pinches.

St. Louis, Mo., Aug. 8.—South-paw Zachary pitched airtight ball

in the pinches here today and Washington defeated the league leading Browns 3 to 1. Zachary allowed but one hit in the first five innings and six there after. He was helped along by three double plays. The Nationals won by hitting Davis in the pinches. With New York losing the Browns retained their lead of one game.

NEIS' ERROR GIVES VICTORY TO THE CUBS

Reuther Makes Unusual Play by Trapping Krug's Fly in Second—Aldridge Keeps Dodgers Hits Scattered.

BROOKLYN, N. Y., Aug. 8.—Brooklyn made nine hits today but Aldridge kept them well scattered and Chicago won, 4 to 1. Neis who returned to right field for the Dodgers after many weeks owing to injuries to both Tom and Bert Griffith was responsible for two of the three runs scored by the Cubs in the fourth inning when he let L. Miller's trickie fly to the fence. With Cubs on third and first in the second, Reuther trapped Krug's fly and pulled off an unusual play aided by Olson.

CENTENARY COLLEGE ANNOUNCES SCHEDULE

"Bo" McMillan Has Booked Thirteen Games for the Team—First Game will come September 30.

SHREVEPORT, La., August 5.—"Bo" McMillan's Centenary college football team has nine games scheduled for the coming season, the longest schedule in the history of the local college. Hopping off to an early start September in a game with Marshall College here, the McMillan charges finish up on Thanksgiving day with Louisiana Tech.

Exclusive of games with members of the Louisiana Inter-Collegiate Conference, the team will play the University of Louisville, the University of Tennessee Medical College, and Loyola University. Two games will be played during state fair week here, which together with the annual L. S. U.—Arkansas games will give fair visitors three gridiron contests during the week.

The complete schedule follows:
Sept. 30—Marshall College, at Shreveport.
Oct. 7—Louisiana College, at Shreveport.
Oct. 14—Mississippi College, at Jackson, Miss.
Oct. 21—University of Tennessee Medical College at Shreveport.
Oct. 25—Louisiana State Normal at Shreveport.
Nov. 4—Loyola University at Shreveport.
Nov. 11—Henderson-Brown College at Shreveport.
Nov. 18—University of Louisville, at Louisville.
Nov. 30—Louisiana Tech at Shreveport.

LEONARD HAS TEETH PULLED

NEW YORK, Aug. 8.—Benny Leonard, lightweight champion of the world, appeared at Madison Square Garden today with five teeth missing. A dentist had drawn them because of an infection which set in after his bout with Ever Hammer at Michigan City last Saturday.

The champion conferred with Tex Rickard and Charley White concerning a bout with the latter to be staged, according to present plans, in the Velodrome, the third week in September. He said, however, that he would not sign definitely for the match until he found how long it would take the dentist to get him in shape again.

OAK LAWN REPORT SHOWS SMALL COST

The monthly report of the secretary of the Morgan County Tuberculosis sanatorium at Oak Lawn shows that the per capita cost of the maintenance of each Morgan county patient was only \$14.67 for the past month. This averages less than fifty cents a day. The fact that the sanatorium operates a farm and dairy helps to explain this unusually low cost of operation.

Following is the treasurer's report for the month of July.

WHITE SOX KEEP UP HEAVY HITTING—WIN

Collins Leads Attack With Four Hits—Robertson Pitches in Fine Form for Sox.

Chicago, Aug. 8.—Chicago continued its heavy hitting today and defeated Philadelphia 6 to 4. Collins leading the attack by the locals with four hits, Robertson pitched in fine form, striking out nine of the Athletics and was given good support in the pinches, a running catch by Strunk in the last inning which retired the side being a feature. Heilmach made three of the visitors' hit; his first blow, a double driving in three runs.

PETER HENLEY WINS THE LEADER STAKE

Dr. T. L. Cooper's Horses Win Both Divisions of 2:08 Pace—October Is Barred From Betting in 2:20 Trot.

North Randall, Cleveland, O., Aug. 8.—Dr. T. L. Cooper of Dayton, Ohio, won both divisions of the 2:08 class pace race here this season when his Peter Henley captured the Leader purse \$3,000 feature of today's Grand Circuit racing program at North Randall. It was the only event of the day decided in straight heats.

Peter Henley was driven by Harry Stokes and was coupled with Charley Sweet, which won the Edwards Pace, for 2:08 class at the July meeting. Today Charley Sweet finished second in the second heat.

With Peter Henley out in the third heat, Hal Bee, won in a driving finish from Charley Sweet and Wreck.

The 2:04 pace finished in a split heat event. Only four of the six scheduled events were decided today. The 2:14 trot and the Three Year Old Trot were put over until tomorrow.

Dictator which started in the 2:20 trot was barred from the betting, the judges being unable to establish the gelding's identity to their satisfaction.

NOT LIKELY TO PROMOTE MATCH

NEW YORK, Aug. 2.—It is unlikely that Tex Rickard and Frank Flourney, promoters of all recent boxing championships will undertake to promote in South America a bout between Jack Dempsey, world's heavyweight champion and Luis Angel Firpo leader in that class below the equator.

It is becoming increasingly doubtful that Dempsey and Jack Willard from whom the present champion won the title will meet in the ring this fall as was proposed.

The promoters received word from Willard's camp today that the former champion doubts that he can get into shape for a match this year and that he will not sign a contract unless he is in perfect condition.

REDS DEFEATED GIANTS IN TENTH INNING

NEW YORK, Aug. 8.—After Kelly's second home run had tied the score in the ninth, the Giants lost to Cincinnati today in the tenth inning, 7 to 3. With the bases full and none out in the tenth, the Reds scored two runs on Bancroft's wild throw. Two more runs followed on Rixey's sacrifice fly and Burns' double. The score:

New Stick Pins

—During our many years in business it has been our pleasure to show hundreds of beautiful articles, but we do not believe there ever was a time when downright daintiness of design and superb workmanship was so pronounced.

—We have just received a lot of new stick pins, white gold and platinum of exquisite filagree design and gem-set. These pins are reasonably priced and certainly will make delightful gifts.

OLD JACKSONVILLE

H. K. JONES, A. B., A. M., M. D., L. L. D.

(BY ENSLEY MOORE)
Member Illinois State Historical Society

The catalogue of Illinois College for 1840-41 contained the name of H. K. Jones, from Lincoln county, Missouri, in the Freshman Class. Hiram K. Jones, of Troy, Missouri, appeared as a Sophomore, in 1841-42. H. K. Jones was in the Junior Class of 1842-43. In 1844, H. K. Jones was a medical student; and an academical one, in the Senior Class, with which he was graduated in 1844. He was graduated from the Medical Department in 1846.

Classmates.
Dr. Jones' classmates in 1844 were James H. Henry, who became a clergyman; John S. Howells, clergyman; Perminio L. Phillips, physician; Charles H. Tillson, lawyer, and Henry Wing, physician.

Tillson died young and Wing was the last of his class. Jones, Tillson and Wing were of remarkable ability and note; the other three may have been.

Jones did not come here to reside and practice until nearly ten years after his medical graduation.

Birth.
Hiram K. Jones, son of Stephen and Mildred Jones, was born in Culpepper, Culpepper county, Virginia, August 5th, 1818. "His grandfather, on the paternal side, crossed the Atlantic in time to do good service in the Revolutionary army under direct command of

Washington, and was ever known as a loyal patriot."

Young Days.
H. K.'s father emigrated from Virginia in 1827 to Lincoln county, Missouri, settling at Troy, where the boy lived until sixteen years of age, being on his father's farm. During his residence at Troy, Mr. Jones got all the schooling he could, and also taught. He came here to college in 1840, and was graduated in letters and medicine as above mentioned. He practised a while in Missouri but returned to Jacksonville in 1853, and, in 1854 temporarily acted as superintendent of the Hospital for the Insane for a few months. He opened his office for private practice here in 1855.

He was often called "Young Dr. Jones," in distinction from Dr. Henry Jones, our old settler. Illinois College gave Dr. H. K. Jones the degree of A. M., in 1847, early recognizing the coming man.

But he had apparently found "The Right Atmosphere" for he soon became especially interested in literary and philosophical matters, altho securing a large medical support. He became a charter member of the Literary Union (Men's club) here, and not long before his death he entertained his club and his cousin, the Hon. William Jennings Bryan; on which occasion Mr. Bryan delivered a paper on Economics.

Mr. Bryan was graduated from Illinois College in the class of 1881, and his home here in preparatory and undergraduate work was with Dr. Jones.

As "Douglas boarded at the Heslep tavern," so "Bryan roomed at Dr. Jones."

Various Activities.
Dr. Jones, in the 70s and 80s lectured on anatomy and physiology for the Business College, and organized the Microscopical Society. He was made first President of our Historical Society in 1884.

For years he was vice-president of the Alumni Society of Illinois College, and, from 1883 to his death he was President of that organization.

Dr. Jones was a member of the Faculty of Illinois College; from 1866 to 1898 he delivered an annual course of lectures to the Senior Class, which was highly spoken of. He was also a Trustee of the College for ten years.

Jones Memorial Building
In honor of his wife showed his financial devotion to Illinois College, and is a creditable monument to him, as well.

Marriage.
Dr. Jones and Miss Elizabeth Orr, daughter of Judge Philip and Lucy Orr, of Pike county, Missouri, became husband and wife in 1845, and they dwelt together until 1891. She was well known in literary circles.

Relatives.
Dr. Hiram K., had a brother, Dr. C. George Jones, who lived on an adjoining lot here, on West College avenue, and they practised medicine together for years.

Richard M. Jones, another brother, was a physician of long practice in Missouri. There were two sisters, Mrs. Follson and Mrs. Kimes, also of Missouri.

Miss Clara Calvert made her home here with her uncle, Dr. Hiram K. Jones, for the years after the death of his wife, and ministered to his comfort as years increased.

Dr. Jones answered the last call June 16th, 1903, at the goodly age of eighty-five years.

A Platonic Philosopher was the most notable name that Dr. Jones received. Ralph Waldo Emerson declared him to be the

most profound Platonist in America.

Dr. Jones was associated with Bronson Alcott, Ralph Waldo Emerson, Henry Thoreau, and Dr. William T. Harris in the founding of the Concord School of Philosophy, in 1879, and was prominent in its ten years of history. Thus it came about that the Virginian by birth, the Missourian in raising, the Illinoisan in education and life work, became the associate and compeer of one of the most noted New England assemblies of learned men of this country.

Emerson and Alcott were both entertained in Dr. Jones' College avenue home, and Emerson made a point of visiting Dr. Jones when making lecture tours which brought him near Jacksonville.

"In the death of Dr. Jones, the community has lost a ripe scholar, a philanthropist, a physician of high standing in his profession, and a man whose generosity of spirit has made him beloved of

all. An unfailing friend of Illinois College he has been loyal to its best interests, and the Jones Memorial building will ever stand as a monument to his liberality. x x x He was a true scholar in the highest sense of the term and probed deeply into the philosophy of Socrates, Aristotle and Plato x x x"

The writer was associated with Dr. Jones in Alumni matters for nearly twenty five years, and found him an agreeable associate.

Miss Lucile Snyder has returned to her home after visiting Miss Frances and Audrey Moy, east of the city.

Roy L. Robison motored to Jacksonville Tuesday on business from Pisgah.

Miss Marie Busey of Murrayville visited the city yesterday.

Scoville Carter was a city arrival from Springfield yesterday.

CHILDLESS HOMES MADE HAPPY

Presence of Little Ones a Great Blessing

Four Interesting Letters

Cortland, N.Y.—"I took Lydia E. Pinkham's Vegetable Compound because I was weak and wanted to become strong and have a child. My husband read about it in the 'Cortland Standard' and thought it might help me. It certainly did for I now have a lovely boy fifteen months old who weighs forty pounds. I recommend Lydia E. Pinkham's Vegetable Compound to my friends and you can certainly use my testimonial in your little books and in the newspapers, as it might help to make some other childless home happy by the presence of little ones as it has done mine."—Mrs. CLAUDE P. CANFIELD, 10 Salisbury St., Cortland, N. Y.

Married Three Years
Brooklyn, N.Y.—"I am certainly very thankful to you for your Vegetable Compound. I was married three years and did not have a child. My husband had often heard of Lydia E. Pinkham's Vegetable Compound and he made me take it and I became the mother of the healthiest little boy I know. When my friends tell me their bad feelings the first thing I say is, 'Take the Vegetable Compound.' I am willing for you to use these facts as a testimonial."—Mrs. ANTOINETTE MARANO, 118 Nostrand Ave., Brooklyn, N. Y.

St. Louis, Mo.—"I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me seven years ago. I was run down and had a weakness such as women often have. I took Lydia E. Pinkham's Vegetable Compound and after being married sixteen years became the mother of a sweet little girl. I now have four lovely children—three fine boys and the little girl six years old. I had longed for children all the while and wept many a day and envied every woman with a child. I was 36 years old when my first baby was born. I recommend Lydia E. Pinkham's Vegetable Compound to any woman who is ailing with female weakness."—Mrs. J. NAUMANN, 1517 Benton St., St. Louis, Mo.

Was Weak and Run Down
St. Louis, Mo.—"My mother took Lydia E. Pinkham's Vegetable Compound when I was a girl, and when I was troubled with cramps I took it, and later when I married I again took it to make me strong as the doctor said I was weak and run down and could not have children. I took it and got along fine and now I have three girls. So you know why I keep the Compound in the house. I am a well woman and do my work and sewing too."—Mrs. JULIUS HARTMAN, 2501 W. Dod' r Street, St. Louis, Mo.

To the Purchasers of a 30 x 3 1/2 Usco for \$10.90

WHEN the "Usco" Tire announced its new price of \$10.90 it carried this understood contract with the buyer—

A price reduction made in good faith—using all the U. S. advanced art of tire making, not only to get the price down, but to keep the quality up.

Now let us say this to you as a tire user:
Today \$10.90 is not the uncommon price it was last November.

But the "Usco" tire is still the uncommon tire value it always has been.

A quality tire with definite performance standards to live up to.
Better if anything than when it was sold at higher prices.

Because in carrying out the "Usco" price reduction in good faith, we learned something about raising the quality, too.

Greater and greater respect for the Usco at \$10.90
